

Digital Recorder Cabinet

Steel Construction, Lockable with Cooling Fan

TCL- CAB - Lockable Steel DVR Cabinet with 12vDC Cooling Fan

TCL- CAB - Lockable Steel DVR Cabinet with 12vDC Cooling Fan

Weighing in at 12Kg, the TCL-CAB is an all metal construction, lockable cabinet for Digital Video Recorders. Made from 1.6mm steel with a lockable front access panel, the cabinet also incorporates an integrated 12vDC Fan at the rear of the unit to increase air circulation within the cabinet and reduce overheating problems.

For installation the cabinet has a removable lid making it easy to install and connect the DVR with ample cable knockouts for Video cable installation.

The base of the unit has four pre-drilled mounting holes for securing the cabinet to floors or desktop areas.

Ideal unit to prevent DVR being stolen or to stop staff interfering with DVR controls, stopping recording, viewing history etc.

Supplied with 2 sets of keys.

12 Months
